

**AUCTRIA.COM**  
Fundraising auctions made easy

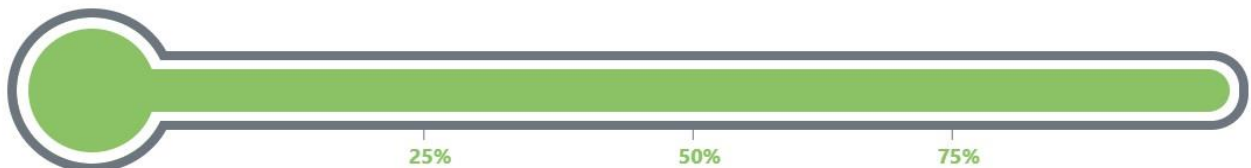

Making the jump from in-person events to online events seems like a lot. And just like any other thing in life, having the right partners and allies on your side will make that pivot seem like a walk in the park. As a highly experienced tech-savvy agency, Tree-Fan Events can help you make this transition as seamless as possible. Everyday we're helping our clients witness this transition and we believe we can contribute tremendously to your virtual event, designing an experience that your online audience gets involved in with true moments of interaction, engagement and co-creation, all with the flawless use of technology.

### Remote Live Controller + Online Auction Page on the [Auctria Platform](#) - call/email for Pricing

- ❖ Create your event's [online auction page](#) on Auctria and build all the needed event pages
- ❖ Build auction packages writing the package descriptions, sourcing photos, set opening and closing times for bidding, set minimum bids and bidding increments for the online auction
- ❖ Create and manage online registration and bidders via the auction platform
- ❖ Assist with any data import/export and reporting from your current database
- ❖ Create a test pre-event page for use during the technical run-through
- ❖ Provide real time bidding management during the event via the Live Controller
- ❖ Provide training for volunteer-staffed bidder help desk
- ❖ Provide post-event assistance with any payment processing and bidder receipts
- ❖ Provide data tracking and metrics reports
